Technical Specifications

CELTIC SEA SALT® SMOKED FLAKE RIVER SALT

Product Description: This beautiful stone ground salt was extracted naturally from a salt spring found inland near Alicante, Spain. The salt has been isolated from outside impurities and preserved in an underground river from Alicante, which is the reason for its remarkable taste.

There is no plastic in this packaging.

Ingredients: Salt flakes from natural brine, naturally smoked

Additives: Does not contain any additives, including but not limited to: anti-caking agents, free flowing agents, or conditioners.

Appearance: Light brown flakes.

Applications: Add to any dish to give it a smoked touch. Try it on BBQ, salmon or fried eggs.

Country of Origin: Spain

Quality Systems: Selina Naturally® is cGMP Certified, conforms to HACCP, OU Kosher Pareve Certified and compliant to Codex Standards for Food Grade Salt.

Shelf Life: Three years, expiration on product packaging.

Selina Naturally® does not test each lot of salt for mineral composition or pathogenic bacteria. However, our suppliers are testing each lot for mineral composition and pathogenic bacteria. This specifications sheet is a compilation of data from our suppliers' test results and our third-party testing. It has been found that historically the composition of our product does not vary measurably over time. We ensure that our product is within the FDA allowable limits for heavy metals and bacterial pathogens.
