

Technical Specifications

LIGHT GREY CELTIC®

CELTIC OCEAN
INTERNATIONAL, INC.

Product Description: Light Grey Celtic® is a mineral-rich, whole crystal (coarse), moist salt that is completely unrefined and hand harvested. Dried by the sun and the wind; it retains the ocean's moisture, locking in a vast array of vital trace elements. Light Grey Celtic® gets its light grey hue from the pure clay lining of the salt beds where it is harvested.

Ingredients: Sea Salt

Additives: Does not contain any additives, including but not limited to: anti-caking agents, free flowing agents, or conditioners.

Appearance: Light Grey crystals.

Applications: This product is intended for culinary use including cooking, direct application, salt mill, and food manufacturing.

Country of Origin: France. Manufactured in USA.

Quality Systems: Selina Naturally® is cGMP Certified, conforms to HACCP, OU Kosher Pareve Certified and compliant to Codex Standards for Food Grade Salt. Selina Naturally hand packs and examines each grain and removes unwanted foreign materials leaving only pure, unadulterated salt.

Shelf Life: Minimum 15 years from production date.

Selina Naturally® does not test each lot of salt for mineral composition or pathogenic bacteria. However, our suppliers are testing each lot for mineral composition and pathogenic bacteria. This specifications sheet is a compilation of data from our suppliers' test results and our third-party testing. It has been found that historically the composition of our product does not vary measurably over time. We ensure that our product is within the FDA allowable limits for heavy metals and bacterial pathogens.
