Technical Specifications

FINE GROUND CELTIC®

Product Description: Celtic Sea Salt® Brand Fine Ground is the same type of salt as our coarser Light Grey Celtic® variety, dried at a low temperature then finely ground. Celtic Sea Salt® Fine Ground has no additives and is not processed in any way beyond lightly drying and grinding. With a more subtle flavor than that of the coarser variety, it is an all-purpose salt convenient for use in a shaker bottle, at the table, as a recipe ingredient or in baking.

Ingredients: Sea Salt

Additives: Does not contain any additives, including but not limited to: anti-caking agents, free flowing agents, or conditioners.

Appearance: Light grey fine ground.

Intended Use: This product is intended for culinary use including cooking, direct application, salt mill, and food manufacturing.

Intended Consumer: B2B and B2C

Country of Origin: France. Manufactured in USA.

Quality Systems: Selina Naturally® is cGMP Certified, conforms to HACCP, OU Kosher Pareve Certified and compliant to Codex Standards for Food Grade Salt. Selina Naturally hand packs and examines each grain and removes unwanted foreign materials leaving only pure, unadulterated salt.

Shelf Life: Minimum 10 years from production date.

Selina Naturally® does not test each lot of salt for mineral composition or pathogenic bacteria. However, our suppliers are testing each lot for mineral composition and pathogenic bacteria. This specifications sheet is a compilation of data from our suppliers' test results and our third-party testing. It has been found that historically the composition of our product does not vary measurably over time. We ensure that our product is within the FDA allowable limits for heavy metals and bacterial pathogens.
